EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Harris on 5/4/2005.

The application has been amended as follows: the claims are amended as follows.

In claim 6, on line 1 "The method according to claim 4" is changed to "The method according to claim 1"...

In claim 8, on line 1 "The method according to claim 4" is changed to "The method according to claim 1"...

In claim 16, on line 1 "The method according to claim 15" is changed to "The method according to claim 11"...

In claim 18, on line 1 "The method according to claim 14" is changed to "The method according to claim 11"...

The following is an examiner's statement of reasons for allowance:

The claims are allowed, because Heitcamper alone or in combination with the prior arts of record do not teach adjusting the amplitude of the samples by a dynamic range compression gain factor derived from a long term peak value and correlated to a noise factor as recited in the claims.

The rejections of the claims under USC 112 first and second paragraph is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D Abebe whose telephone number is 571-272-7615. The examiner can normally be reached on monday-friday.
